With the above officers elected yesterday afternoon the Civic Federation of Honolulu began its real existence. At a special meeting presided over by W. R. Castle, with Ed Towse as secretary, a large number of representative citizens brought into being the federation, which they hope will serve the public in molding opinion on matters connected with good government, municipal improvements and law and order.

Among those present were: W. R. Castle, G. P. Castle, Rev. Doremus Scudder, D. D., F. J. Lowrey, S. M. Kanakani, David Ai, Judge P. H. Weaver, Prof. R. S. Hosmer, Theo. Richards, President A. F. Griffiths, President P. L. Horne, Ed Towse, C. G. Boekus, D. L. Withington, J. A. Hughes, Rev. O. H. Gulick, L. Crook, Wm. Allison Bryan.

Mr. Castle, on taking the chair temporarily, stated the objects of the federation and of the meeting. The meeting was to hear the recommendations of the special committee which had the constitution and by-laws in hand, and to effect a permanent organization. He stated that at the meeting held on January 26, a temporary constitution was adopted. The com-

mittee had prepared a number of amendments. The secretary read the minutes of the past meeting and of the executive committee, which contained a report on the constitution, practically bringing in a substitute constitution. The objects set forth were to secure good government for the Territory through the appointment of competent men to office and to establish law and order. The report also recommended that the federation's affairs be directed by an executive committee of fifteen members instead of nine.

J. A. Hughes objected to any government officeholder holding office in the federation. There should be no politics in the federation.

Mr. Withington was diametrically opposed to the suggestions made by Mr. Hughes. He was new to the community, but he did not believe that there would be any grave mistake in having officeholders serving on the federation lists.

Judge Weaver then wanted to know why he had been asked to attend the meeting. He wished to have his status defined.

Judge Weaver is an officeholder. It was noted also that Mr. Lowrey was

in the same category, he being a prison inspector.

The matter was dropped then and Mr. Horne moved the adoption of the amended constitution and by-laws. The motion was carried unanimously.

The following members were added to the committee of fifteen, nine having originally been appointed: Lorrin Andrews and George W. Smith, three years; R. H. Trent and J. A. Hughes, two years; C. B. Wood and Perley Horne, one year.

Again the matter of government of officeholders holding office in the federation was broached. Mr. Withington thought the sense of the meeting should be obtained on the question. Conditions here, he said, were different from those in New York and elsewhere, the community was so small. He cited the case of Mr. Lowrey, a prison inspector. It would shut out good timber.

George P. Castle agreed with Mr. Withington. He did not believe officeholders were going to make trouble. He did not believe there was any danger from a certain class of politicians, because they did not care to join the organization.

The meeting then adjourned and the executive committee met at once, choosing officers and filling the five general committees. The local option law was discussed to some extent, but only informally and without any action being taken.

## A HARMONY MEASURE

(Continued from page 1.)

The title of the Act is as in Act 1. Section 1 contains the first sentence of Act 1 and sub-sections 1, 2, 3, 4 and 5 of Section 1 of Act 3.

Sections 2, 3, 4, 5 and 6 of Act 1 have been adopted with the exception of the striking out of sub-section 3 in Section 4 relative to the levying and collection of taxes.

Similar sub-sections in the powers and duties of the Board of Supervisors have also been eliminated for the reason that your committee believe that all questions of revenue and the method of taxation should be embodied in the general revenue or taxation law.

Section 7 of Act 1 has been amended by providing for the election of Deputy Sheriffs instead of Constables, and for the election of Deputy Assessors and Tax Collectors and School Agents, striking out the lines providing for the duties of Constables and providing new sections setting forth the duties of Deputy Sheriffs and Schools Agents.

Section 9 of Act 1 has been amended by substituting after the word "principal" in the seventeenth line thereof, all that part of Section 16 of Act 3 beginning with provisions in regard to bonds for County Clerks and continuing and including bonds for sheriff, striking out the remainder of

said Section 16 providing for bonds of District Magistrates and Road Supervisors and adopting the remainder of the Section with the necessary change to put the supervisions of the sufficiency of bonds under the control of the Board of Supervisors.

Section 17 of Act 3 has been adopted inserting "Board of Supervisors" in place of "Governor of the Territory."

The form of the bond provided in Section 10 of Act 1 has been adopted.

Section 11 of Act 1 has been retained but with the reduction of salaries of members of the Board of Supervisors to \$300 a year, and other items have been made to correspond as near as may be to the appropriation bill of 1904. The salary of Constable has been changed to that of Deputy Sheriff.

Section 12 from sub-section 1 to and including sub-section 10 has been adopted.

Sections 61 to 71 both inclusive of Act 3 have been substituted for sub-section 11.

Section 13 of Act 1 has been adopted with the necessary change in sub-section 8 to make it apply to the proper section of the reported bill.

Sections 13 and 14 of Act 1 have been adopted.

Section 15 of Act 1 has been adopted with the exception of striking out of sub-sections 8, 9, 10, 11 and 14.

Sub-sections 8 and 9 were stricken out through an abundance of caution so that there might be no question as to any infringement on the duties and powers of the Superintendent of Public Works.

Sub-sections 10 and 11 were stricken out for the same reason as was sub-section 2 of Section 4.

Sections 16 to 76 both inclusive of Act 1 have been adopted.

Sections 79, 81, 82 and 83 of Act 3 have been adopted in place of Section 77 and 78 of Act 1.

In addition to the bill reported we are of the opinion that there should be an amendment to the Penal Laws providing for a penalty for the violation of duties by County Recorders, and also providing for a penalty against the mutilation of records in the Recorder's Office. In our report and recommendation to the Governor, notice should be given of the necessity of a new revenue or taxation law, and also an act providing for appropriations to provide the necessary funds for the inauguration of County Government.

We recommend that the Act accompanying this report be adopted by the commission, and that the same be transmitted to the Governor.

The Commissioners, save Mr. Watson, voted for \$300 per annum as compensation for supervisors. Mr. Crabbe stated, however, that a supervisor in Kohala, Island of Hawaii, traveling to Hilo to attend meetings, would have to pay out at least \$25 for his traveling expenses, and there would be his expenses in Hilo. Here it would be different.

New sections were added to include school agents in the list of persons elected in counties, and salaries were suggested. Stewart favored cutting down the Honolulu school agent, who is also the assistant secretary of the Department of Education, from \$1,800 to \$1,200 per annum. Where two districts on this island were combined, Ewa taking in Waianna, the amount was put double, or \$120 per annum,

providing for two agents at \$60 each. The matter of holding the first county election was discussed. It will be held on June 6, and the elected officers will take hold of county offices the first Monday in July.

The secretary stated that he addressed letters to people at various proposed county seats asking what the cost would be to establish county offices. Stephen Desha of Hilo said rooms could be had there at \$100 per month. The Hilo Board of Trade said rooms in the Spreckels block could be had for \$10 per room.

D. H. Case of Wailuku said rooms could be rented cheaply. Letters from Lihue were to the same effect.
